Policy, Systems and Environmental Recommendations

Cassandra Codes-Johnson, MPA, Associate Deputy Director, Delaware Division of Public Health
What is Health in All Policies (HiAP)?

- A collaborative approach to improving the health of all people by incorporating health considerations into decision-making across sectors and policy areas.

- Not a destination

An approach, a process, a philosophy, a path to addressing the social determinants of health
Equitable Access & Opportunities for All

Public Health 3.0

- Move toward optimizing the health and well-being of the population.

- A new era doesn’t mean the end of a preceding one!
  - We still need to continue to fight infectious and chronic diseases.
  - There is so much more to be done and we need all hands on deck!
